New Walk

Eagle Park in Largo is now open. Diane Switalski will explore the requirements of holding a walk there.

WAF

There was still no news about WAF from the other two clubs. Alice, as at the March 27th meeting, again proposed the idea of hosting WAF with the event centering on Treasure Island where the Sanding Ovarions events will take place November 19-21st. All present were enthusiastic about hosting such an event even though the event weekend was the weekend before Thanksgiving.

Proposals for possible walks for the event included a night walk on Friday night to include walking around the lighted sand sculptures, the mermaid walk at Indian Rocks, and a walk at Eagle Park in Largo. Alice will propose to the other two clubs that WAF be held Nov 19-21st with the Sandpipers hosting the event.

Next Meeting

June 5th at 11 AM to coincide with the NTD Hillsborough River State Park walk

Adjournment

The meeting was adjourned at 12:120 PM

Respectfully submitted
